## About

I'm a visual designer with a "Swiss Army" set of skills that have helped me thrive in a variety of businesses.

I am especially passionate about web experiences and UI, and I love noodling with code, but I also enjoy working on branding and marketing design.

## Skills

- Branding
- Web Design

## Education

**B.A., Graphic Design**  
Keene State College

## Experience

### NATIVE INSTRUMENTS/IZOTOPE

UI DESIGNER 2024-PRESENT

SENIOR VISUAL DESIGNER 2021-2024 | MULTIMEDIA DESIGNER 2020-2021

As a UI designer, I lead the visual design direction for our software products, working with product design to translate wireframes into fully developed UI designs, making suggestions for UX improvements where feasible. I work with external partners and build and manage relationships with freelancers when artwork cannot be executed internally. As a Senior Visual Designer, I lead the design of campaigns for major product launches and monthly promotions, building several campaign assets including landing pages, emails, web banners, and more.

### WORDSTREAM

VISUAL DESIGNER 2017-2018 | SENIOR VISUAL DESIGNER 2019-2020

Responsible for leading the creative marketing team, overseeing design & video. Established brand guidelines, updating and adding new patterns to a design library used for the web, email, ad creative, & in product. Regularly collaborated cross-departmentally and helped foster a design culture between marketing and product design.

### FIKSU

DESIGNER 2015-2017

Worked on several mobile marketing campaigns for a variety of external clients. Designed a new brand style guide, internal marketing materials, and a website for FreeMyApps. Migrated Fiksu.com to Wordpress, responsible for both design & development.

### VSNAP

LEAD DESIGNER 2013-2015

Responsible for executing product design from wireframes through visual design. Designed branding, including a logo and a full style guide. Designed and developed the homepage. Created infographics, emails, and other marketing materials.

### PERKSTREET FINANCIAL

DESIGNER 2012-2013

Unified brand look and feel with a style guide. Designed homepage and landing pages. Created mobile application UI design. Directed photoshoots. Produced website banners, HTML emails, social media graphics, and direct mail collateral.

### EVEREST GAMING/CIDC

INTERACTIVE DESIGNER 2011-2012
